(b) Sweet biscuits, which are fine bakers' wares with long-keeping qualities and a base of flour, sugar or other sweetening matter and fat (these ingredients constituting at least 50% of the products by weight), whether or not containing added salt, almonds, hazelnuts, flavoring, chocolate, coffee, etc. The water content of the finished products must be 12% or less by weight and the maximum fat content 35% by weight (fillings and coatings are not to be taken into consideration in determining these contents). Commercial biscuits are not usually filled, but they may sometimes contain a solid or other filling (sugar, vegetable fat, chocolate, etc.). They are almost always industrially manufactured products.
