Sehubungan itu barangan sesuai diperjeniskan di bawah heading 19.01 berdasarkan keterangan dalam EN HS 2012 muka surat IV-1901-1 seperti berikut: <p style="margin-left: 40px;">19.01 – Malt extract; food preparations of flour, groats, meal, starch or malt extract, not containing cocoa or containing less than 40% by weight of cocoa calculated on a totally defatted basis, not elsewhere specified or included; food preparations of goods of headings 04.01 to 04.04, not containing cocoa or containing less than 5% by weight of cocoa calculated on a totally defatted basis, not elsewhere specified or included.</p> <p style="margin-left: 40px;">1901.10 - Preparations for infant use, put up for retail sale 1901.20 - Mixes and doughs for the preparation of bakers' wares of heading 19.05 1901.90 - Other</p> 	

(III) Food preparations of goods of headings 04.01 to 04.04, not containing cocoa or containing less than 5 % by weight of cocoa calculated on a totally defatted basis, not elsewhere specified or included.

The preparations of this heading may be distinguished from the products of headings 04.01 to 04.04 in that they contain, in addition to natural milk constituents, other ingredients not permitted in the products of those earlier headings. Thus heading 19.01 includes, for example:

- (1) Preparations in powder or liquid form used as infant food or for dietetic purposes and consisting of milk to which secondary ingredients (e.g., cereal groats, yeast) have been added.
- (4) Milk preparations obtained by replacing one or more constituents of milk (e.g., butyric fats) by another substance (e.g., oleic fats).
